

*Dear Friends at Knox:*

As we approach our Easter celebrations, I most certainly am wanting to connect with each and every one of you. This has been a very strange winter and beginning of spring, for sure. However, as the grass begins to turn green, as the crocus begins to push its way toward the sky and out of its cold bed, as the birds come home from their travels, bringing with them their joyous songs, may we all rejoice as every day brings us closer to the end of our isolation, and closer to when we can celebrate together again.

Our Easter story is one of resurrection and hope, one of faith and a belief that we are never alone, our God is always with us. As we move forward into the year together, I truly believe it will be a good year. It may take time to get things done, but working together we can do great things.

My sincere thanks to everyone for your support over the past year; as you know, there were difficult times, but your support carried me.

HAPPY EASTER with love and blessings to you all,

*Rev. Sandra*
