

Being baptized in The United Church of Canada is an act of welcoming, blessing, and belonging. For young people and adults confirmation represents a renewed commitment to those baptismal vows parents made on behalf of their children to live and grow in faith.

The Knox Confirmation Group meets annually for young people from Grades 9 and up. The program changes from year to year but generally runs during the winter months and often takes on the form of a weekend retreat culminating with the service of Confirmation on Palm Sunday. Youth who have not yet been baptized are also welcome to participate and will be baptized at this service. Please contact the *church office* in January if you are interested in taking the next step in your faith journey.

A separate confirmation program is offered for adults. If you are an adult who has never been baptized or joined a church community and would like to discuss faith and spiritual life with our minister, please contact Rev. Bartlett.
